Power for Cardholders: CardNavSM by CO-OP

Members have access to an app called CardNavSM by CO-OP. It's the key to taking unprecedented, real-time control over your debit card through your smartphone.

CardNav adds another level of security to your debit card by letting you decide how and when it can be used, and alerting you when any types of transactions you specify take place to help identify and stop potential fraud from happening.

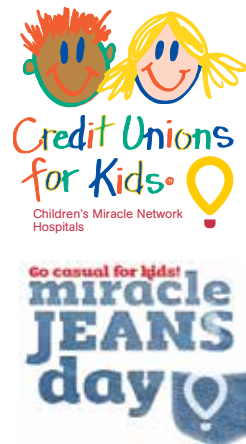

With CardNav, you can turn card on or off in seconds, and use GPS to restrict transactions to businesses within a designated area. You can limit card use to specific merchants or purchases. You also can receive alerts when you're getting close to any personal spending limits you've set.

In just minutes, you can gain the security and control of CardNav by CO-OP. All it takes to get started is a free download from the Apple App Store or Google Play.

Donate a dollar. Deliver a miracle.

During the month of September, we are raising funds with the support of our members for **Gillette Children's Specialty Healthcare**, our local Children's Miracle Network Hospital. The fundraiser culminates on September 6th – Miracle Jeans Day – when our credit union employees will celebrate their own donations by wearing their jeans.

We invite all members to participate in this worthy cause by contributing \$1. Make a donation to make a difference, and post your name on a Miracle Jeans Day Icon in your branch.

To meet the kids who are counting on us, visit childrensmiraclenetworkhospitals.org.
